Elementary School Tuition and Fees

Febuary 2025

Fees are subject to change.

Fees

New Student Application and Testing Fee (non-refundable) $50

The new student application and testing fee is required for all students who are not currently enrolled in Spring Garden Academy's preschool or elementary school.

Enrollment Fee (non-refundable) $75

The enrollment fee will secure a space for your child until August 5th when the August fee is due. This fee is required of all elementary students, including those currently attending Spring Garden Academy

The August fee must be received on time in order to hold the seat for September. The school has the right to release your seat to another student if payment is not received. The enrollment fee will not be refunded if the August payment is not made.

The enrollment fee and the August fee will not be reimbursed if the student does not show in September.

Tuition

Yearly tuition is $6,500 and is paid in ten monthly installments, August-May, by the 5th of each month. Tuition includes all textbooks, educational materials, newspaper subscriptions, and most field trips.

If a child enters mid-way during the school year, the family is responsible for the full month's tuition, regardless of the actual date the child begins that month

If a child leaves or is dismissed during the year, there will be no refund of that month's tuition. Subsequent month tuition payments will not be collected.

Financial Aid and Discounts

We work with families to apply for outside scholarships as well as the Highway Tabernacle/Spring Garden Academy Scholarship. Please discuss these possible scholarships with our admissions staff.

If a family does not qualify for outside scholarships or the Highway Tabernacle/Spring Garden Academy Scholarship Fund, the family may be given a discount based on multiple children or their membership in our sponsoring churches, Highway Tabernacle and Resurrection Life:

Member Discounts (after one year of membership) 15%
Ministry Team Member Discounts (upon approval of the school and church board) 50%

Extended Care

Extended Care is available for children who must attend school before 8:20 am and stay past 3:15 pm. Extended care will also be offered many of the days when the elementary school is closed (winter break, spring break, teacher-conference days). Participating students will receive breakfast and snack as part of the extended care program.

Extended care service is provided through Spring Garden Academy's child care program and may be subsidized by the state depending on family income. A student must be registered in advance to participate in this program. We encourage all parents who may qualify to first contact CCIS before requesting discounts.

Part-Time (less than 5 hours)	$25 per day
Full-Time (more than 5 hours)	$34 per day

Discounts may be available for a child who does not need full services. Advanced payment discounts are also available. Various extended care options will be discussed during the Admissions Interview.
